MEMORANDUM FOR: Executive Director-Comptroller
SUBJECT: DCI Action on Information Processing
Recommendation 15.c.
REFERENCE: Your memo

I have no problems with the proposed action and the wording of revised Recommendation 15 seems fine. Although I do not believe it necessary to spell out in the basic paper the plans to establish an in-house network linking the computer systems, I do believe this will require careful technical planning. It will be important that the lines of responsibility for designing this network be well understood.
